THE STONE COMPANY

**Disclaimer:** Natural stones, as the name implies, are products of nature. Any variations in texture, color, veining, and pattern must be accepted. These differences and disparities are part of what makes the stone beautiful, and should not consider them as flaws.

# BERSA

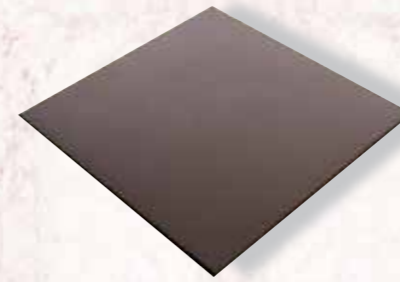

THE STONE COMPANY

Bersa specialises in providing paving and cladding solutions to buildings of both residential and commercial sectors. With long years of experience gained from working in leading manufacturers and traders of natural stones, we established our own company in 2017. Since then, we have been undertaking projects of all scales across the region, introducing latest trends and styles of paving and cladding to beautify buildings and premises.

Bersa Designs offers a wide range of natural stone products to suit different designs and applications. A great collection of different types of natural cladding and paving stones, pebbles and stone veneers etc. await you at Bersa to choose from. After understanding the requirements of our clients and the specifications of each project, Bersa's experienced crew provides trendy and imaginative designs to your dream homes or buildings and executes them with fine craftsmanship, aiming at the complete satisfaction of every client, which we value above everything.
